Hi Marish,

We review every application ourselves. We'd rather find the right person slowly than the wrong person quickly, so thank you for your patience while we do that.

If we'd like to take things further, we'll be in touch within two weeks. If you don't hear from us within that time, we keep all applications on file and will reach out if something opens up that feels like a good fit.

Everything you share with us is treated with complete confidence. We will never contact your current employer without your permission.
